**Keys to Success**
In my opinion there are some key factors that underpin a student’s success at school regardless of a student’s ability. Here is my top four.

**Attendance**
There is a direct relationship between attendance and school grades. Students are required to attend school every day except if they are sick. When a student is absent, a note from a parent explaining their absence is an expectation.

**Complete Set Tasks**
Students who are successful, complete all set tasks to the best of their ability. Invariably students who do pass a subject have not attempted or completed the required task. At MAS, if major tasks are not submitted, parents will be informed.

**Parents as Partners**
Parents are essential in the learning process particularly as the cheer leaders from the side lines. While they may not always show it, students love positive feedback from the significant people in their lives. Encourage their efforts, check their diaries and certainly talk to them about any letters regarding the Reflection Room or non-submissions.

Also, remember we always like to tell people a story that can down play our part in a negative situation or there are always two sides to a story. If you are worried about your child’s learning, please make a time to come along and share your concerns or ring at any time and ask to talk to the teacher or leader concerned. If you are worried, we probably are too.

**Come Ready to Learn**
As a teacher we all recognise students who are ready to learn. They bring a bag to school, have the equipment at the ready such as pens and pencils, and also wear the school uniform. Where a student is wearing casual clothes, they usually are not in the learning mode. We wear a uniform to go to work and we wear a uniform to come to learn at MAS. With the cooler weather approaching please ensure your student has a jumper and suitable shoes for school.

**Staffing news**
Congratulations to Mrs Meredith Westbrook who has won the position of Coordinator: Teaching & Learning 10-12, from 2010 to 2014. Meredith has been doing an exemplary job, acting in this position for the last two years and we are very fortunate to be able to have her continue in a permanent fashion.

**AST1 Success**
We congratulate Mr Neil Hackett on getting presented with his Advanced Skills Teacher 1 last week. Neil is our 11th AST1 teacher on the staff at Moonta. Advanced Skills Teachers are highly skilled teachers who spend the majority of their time in the learning environment demonstrating outstanding teaching and learning practice and effectively sharing their skills and experience to positively affect the expertise and professionalism of other teachers.

**Reconciliation Week**
I would like to acknowledge the exceptional week of activities that were held at Moonta Area School in support of reconciliation week. The photos on the front and back cover of MAS Media show some of the involvement of our students. Whilst I was most disappointed at not being able to attend the formal assembly, I have heard glowing reports about it especially the singing of Sonya Rankine our ACEO. I would like to publicly thank Sonia, Di Daulby, Jess Stimson, Michelle Appleton, Janice Sandy, Lisa Weetra and all other students and staff for their organisation, support and encouragement of all the activities. It was a fantastic week. Well done!

**Pupil Free Day**
I would like to thank the parents of Moonta Area for allowing us to participate in key training and development activities last Friday. I understand these days can be difficult for parents and carers to organise supervision around students not attending as well as their own work commitments. All teachers and SSO’s were involved in a range of learning activities all linked to our 2009 School Improvement Plan on aspects of LITERACY

**Japanese Cultural Visit**
It is with regret that DECS have decided to cancel our proposed Japanese Cultural exchange early next term. This is in response to the Swine Flu outbreak which would require all our visiting Japanese students to be quarantined for a period of 7 days, (nearly half of their proposed visit.) before they could mix with our students. We look forward to continuing our exchange next year.

**Student Success**
Congratulations to Matt Appleton in being chosen in the State U/16 football squad. This is a tremendous achievement and we wish Matt all the best with his efforts in this area.

**Hats and Uniform**
A reminder to all members of the school community that hats are required to be worn whilst outside, unless involved in sport where wearing a hat is unsuitable. The vast majority of students do this really well and only need small reminder to go and get their hat. A small number of students have been cutting their hats on the brims as well as in the centre of the hat. Involved in sport where wearing a hat is unsuitable. Parenting with the Brain in Mind
Attached to today’s MAS Media is the first in a series of many articles we will be presenting on Parenting with the Brain in Mind by John Joseph. We ran these last year and had an excellent response so we have decided to run the entire series over the remainder of this year and next.
John has a history as a tradesman, businessman and teacher. He has built a reputation as one of Australia’s leading public speakers on the topics of learning, parenting, living with adversity and building motivation. As a parent of 3 children myself, I have always found John’s articles interesting, thought provoking and well worth considering. The information presented is not intended to replace medical advice and much of it is contestable. The information is given as one source of awareness only. I hope you enjoy reading the articles, They may well promote interesting discussions amongst our parents.

This week’s picture of Mr Angus was drawn by Teneika Nitschke

Literacy Tips

READING IN EVERYDAY LIFE

Beginning Readers
Talk about language you and your children come across in everyday experiences.

1. **Talk It Up** ... your child’s vocabulary is essential to them understanding what they read. Help them to build their vocabulary by talking to them about interesting words and encourage them to ask you about words they don’t understand.

2. **Signs and Symbols** ... Point out signs and symbols you see and what they mean. It will reinforce the idea that symbols, such as the letters in words, have meaning.

3. **Play ‘I Spy’** ... This is a great way to connect letters and sounds and language with the words they represent.

4. **Words All Around** ... Read out words you see when shopping or out and about. When children become familiar with some words, ask them to read them for you.

5. **Read Aloud** ... Set aside time every day to read (and re-read) favourite books. Hearing them helps familiarise children with language.

GREAT READS

- **Me, Oliver Bright**, by Megan de Kantzow. When Oliver Bright has a project to do on his family, he finds out just how much life in Australia has changed since his grandpa and dad were young. Suggested for readers aged 5+.

- **Horrible Geography: Planet in Peril**, by Anita Ganeri. From climate change to carbon footprints, this is a Horribly useful guide to environmental issues children are most concerned about — with all the gritty bits left in to make it a ‘good read’. Suggested for readers aged 9+.

Mid Term Social a Big Success

The term 2 socials were held on Thursday 28th May. The R-2 social had the theme Under The Sea and there were some imaginative costumes and some fun games and music from our DJ Scott Glazbrook from Mad Panic Promotions at Artherton. Well done to Blake, Wade, Connor and Breanna for organising and running the social. The year 3-6 students enjoyed the second social with a Halloween theme and we saw some inspired and ghoulish costume creations. Jasmine, Tahlia and Sarah put a lot of work into their social. Although the senior social was unthemed we spotted some beautiful fairies and other assorted creations that added to the fun of the evening. The students are once again to be commended for their excellent behaviour. A big hand to the staff for coming out on a cold winter’s night to supervise. The Social committee did an excellent job in preparing beforehand, running the canteen organising games and doing photography. Michael Carson the leader of the committee is to be particularly commended for his excellent organisation and hard work before, during and after the event. He ensured that we made a profit around $500.00. Well done Michael.

Japanese Homestay Cancelled for this Year

We have just received confirmation that the proposed visit of students from Meidai High School in Japan will not go ahead this year. DECS has stipulated all overseas students must be quarantined for 7 days because of the possibility of Swine Flu infection. As this is not manageable we are very sad to say the homestay experience cannot go ahead this year.

We would like to take this opportunity to thank those families who showed interest in our International Education Program.

**Reconciliation Week 2009**
Reconciliation Week at Moonta Area School was a fantastic week of activities and sharing of culture. On Thursday Week 5 the whole school assembly had a focus on Reconciliation Week. Carron Daveson and Jemika Wanganeen opened the assembly with a Welcome to Country in Narungga language. Mr. Ivens, Senior School Counsellor and Sonya Rankine, Aboriginal Community Education Officer both spoke on the importance of Reconciliation Week and the reflecting upon Sorry Day. Sonya sang one of her original songs “Shades of Colour” with Vince accompanying on guitar. After the assembly all students and staff placed their “Hand for Reconciliation” on the grass hill near the basketball court. It was a great whole school activity and was a great visual support for Reconciliation. The hands were bright and colourful and all students were very proud of their “Hand for Reconciliation”.

Tuesday Week 6 we were very fortunate to have Stephen and Jamie Goldsmith come and share their culture with us through a Cultural Education Performance. Three sessions were held during the day for all students Kindy to Year 12 to participate. Also Cultural Activities were held in the Drama Room and the Library for R-6 classes. The students participated in dot painting animals on calico murals, making wool friendship bracelets, jigsaws, games and learning about artefacts. It was a fantastic Reconciliation Week and enjoyed by all staff and students.

Thank you to the following students for helping out with the Cultural Activities: Tiana Karpany, Brooke Barrett, Teekah Chantrill, Willis Daveson, Andrew Appleton, Kingsley Chantrill, Charnee Curtis, Bec Butler & Jeffrey Webb.

Thanks to the following parents & friends that came along and helped on the day: Janice Sandy, Michele Appleton, Jess Stimson, Lisa Karpany & Tania Baker. Thank you to Margaret Pope and Vince Ivens for their help organising our Reconciliation Assembly and also to the library staff for the resource display. Everyone’s help was greatly appreciated in the true spirit of Reconciliation at Moonta Area School.

**Generation Next**

Included with this newsletter is the pamphlet “Generation Next” The event’s focus is on providing up to date information relating to bullying, drugs & alcohol, cybersafety & mental health related issues that affect young people. For further information contact Dr Ramesh Manocha 0418270786 or [www.gennextseminars.com](http://www.gennextseminars.com)
**Article Library Donation** – Moonta Bingo & Recreation Club donated $200 to the library which has been used to purchase a new coffee table for the newspapers and magazine area. They regularly donate money to our library and we thank them for their generosity.

**Books Made Into Movies** – During winter our feature display is all about books that have been made into movies. There are lots of titles in adult fiction, non-fiction and children’s books that have been made into movies. Come in and check them out. We also have lots of the movies that go with the book titles so you can read the book and then borrow the DVD.

**Library Management Committee AGM** – We are always looking for ways to improve our service and involve the community in our library. Our management committee only meets four times per year and is an important voice in the running of our library. This year will be our 30th birthday and we’d like to plan a special celebration. Come along and get involved. The AGM will be next week on Thursday the 18th June at 4pm in the library. Light refreshments will be provided. Anyone interested can attend the meeting or contact Dave Steele on 88251511.

**Brave Heart**

Our students from years Reception to year 10 were delighted by the performance of Beth and John, two young actors with the Brainstorm Productions Company. Their performances were full of energy and humour as they presented powerful messages about resisting bullying, dealing with change and developing the resilience to cope with life’s difficulties.

**The Hurting Game**

This competition will be held on Wednesday 24th June in the Middle School, commencing at 11.30 am. The competition is 30 minutes for Year 7. Students participating in this competition are: Adam Silvestri.
THE NEW SACE- Yrs 10, 11, 12.
You may be aware that the current South Australian Certificate of Education (SACE) has been under review and that a new SACE has been developed for students completing Yrs 11 and 12. The main changes are:

- Students need 200 points instead of 22 units to gain their SACE.
- Maths, English and the Personal Learning Plan are compulsory Stage 1 subjects. Australian Studies will no longer exist. These compulsory subjects will be moderated by SACE Board Services Officers. Moderation has not existed at Stage 1 level before.
- The Personal Learning Plan will be taught at Yr 10. Last year’s Yr 10’s undertook a pilot program and gained a SACE unit. This year’s Yr 10’s are currently undertaking the new PLP course and will gain 10 credits towards their SACE. So this year’s Yr 10 students are the first to begin the new SACE. They will continue the new SACE next year in Yr 11.
- Stage 2 (Yr 12) will have a compulsory subject for the first time - the Research Project worth 10 credits. This year’s Yr 10’s will be the first students to do the new SACE in Yr 12.
- Students have to gain a C grade or better in all of the compulsory subjects to gain their SACE.
- Students in Stage 1 will be given grades, A-E, instead of SA (Satisfactory), RA (Recorded Achievement), or RNM (Requirements Not Met). Those grades will be given based on “Performance Standards” rather than percentages as they are now. Performance Standards will be explained at Parent Information Evenings later in the year.
- We do not yet know the details about what will happen in Yr 12 in 2011.

There have been and will continue to be a lot of conferences and workshops this year and next year to inform teachers about the changes to their subjects. Last Thursday, Wendy Brusnahan, Di Daddow, Kristen Tunbridge and Mem Westbrook attended an English Professional Development session at KMHS, while Kris Daddow and Grant Keleher participated in Maths workshops on Friday.

SCHOOL HOLIDAY REVISION PROGRAMS
The University of Adelaide, Adelaide Education Consultants and the Adelaide Tuition Centre all run revision programs for Yr 12’s during the April, July and October school holidays. They are for subjects that have exams at the end of the year. For more information please contact Mem Westbrook.

"A TASTE OF FLINDERS"- Thursday 18th June
This is an enrichment program for Yr 10, 11 or 12 students where they go to Flinders University for a day to find out what studying at Flinders is all about. For more information please contact Mem Westbrook.

SAPSASA Netball
Late last term more than 60 girls from across the Northern Yorke Peninsula trialled to win a position on the SAPSASA Netball Team.

The teams were chosen from more than 7 schools. From Moonta we had 5 students successfully gain a spot. The Moonta girls made up ¼ of all the girls chosen, thus showing how strong Moonta Area School is with their netball.

In week 4 of this term the SAPSASA team spent the week in Adelaide at the SAPSASA carnival. The girls played against teams from across the whole of SA.

Representing Moonta in Division 2A were Courtney Adams, Isabelle Glasgow and Ellie Turner. These girls played 9 games – winning 5 and losing 4. They were very competitive in all games.

Representing Moonta from Division 4A were Sarah Hutchinson and Kimberley Perks. This team won 7 games, lost 1 and drew 1. This resulted in them ending up 2nd in their division. A great result.

All girls should be proud of their efforts and hopefully they have come away from the week having learned new netball skills. Well done.

A big thankyou must go to the parents involved in the week’s events – Janette Lauritsen, Wendy Hutchinson and Julie Perks. These parents willingly assisted with scoring and certainly cheered the girls along throughout the week.

### Australian Early Development Index

Between May and July this year, schools around Australia are taking part in a nation-wide program called the Australian Early Development Index (AEDI). The AEDI looks at how young children are developing in the years before they begin school. As part of the AEDI, schools around Australia will be collecting information on children in their first year of school. This will involve teachers completing an online ‘checklist’ – like a survey or questionnaire – for every child in their class.

Summary results of the AEDI checklists will be available for communities based on whole groups of children in a way that means no one will be able to identify individual children. The findings will provide communities with a snapshot of young children’s development. This will help communities understand how their children are developing and where improvements can be made to give children the best start in life.

Parents will receive more information about our school’s involvement in the AEDI in the coming weeks. You can find out more about the AEDI at [www.aedi.org.au](http://www.aedi.org.au).

### Youth Parliament

On 29th, 30th and the 31st of May I attended a Youth Parliament training day in Adelaide. There were approximately 500 in attendance and I was the only one from Yorke Peninsula. The days were filled with lots of fun and enthusiasm and consisted of debating and learning parliamentary behaviours. The Governor General gave us an electrifying speech about Parliament and thanked us for our attendance.

During Youth Parliament which will take place from the 6th to the 12th of July I will be attending and debating. This is where I will put the training into good use. Each group was given a Bill to research and the debating will take place during that week. I am the leader of the group who will oppose a Bill. The Bill is: “That a construction of a multi-cultural youth rehabilitation detention centre is built for criminal offenders.”
