Moonta Area R-12 School

Learning, Caring, Sharing: the Future is in Our Hands

Issue 3: Wednesday 19th August 2009, Term 3, Week 5

Congratulations

Aussie of the Month

Maths Quiz Winners

www.moontaas.sa.edu.au
Maths Quiz success
It was fantastic to see one of our mathematic quiz teams win at the recent event held at Wallaroo Town Hall. Even better was the number of Moonta Area students who gave up their own time on a cold Wednesday night to be involved in the quiz. I congratulate all students who took part for doing that bit extra to try and improve their understanding and appreciation of maths. I also thank the staff who accompanied and organized the night, Raelene Stutley, Hayley Spaans and Grant Keleher.

Secondary Subject Counselling
Term 3 is when we start to get underway with our planning for next year. Students need to choose subjects which will give them the best opportunity to pursue their wanted occupations. This can be easy if students know exactly what they want to do, but often they are still not sure and are not yet willing to commit to one vocation. There are also the various requirements of the universities, TAFE’s and other registered training organisations. Add to this that our current year 10’s are starting the New SACE and you can understand why it can be a confusing time for both students and parents.

To assist students and parents through this counselling process the school carries out a range of activities through the year and more specifically this term.

- Year 10 students currently doing their Personal Learning Plans.
- Meredith Westbrook/Vince Ivens will be running parent and student sessions on the 8th September for all current year 10 & 11 students.
- Counselling panels for all year 11 & 10 students.
- Subject teachers discussing subjects and options at next year level.
- Year 11 & 12 students receiving all UNI/TAFE/SATAC information booklets.

How to give your child success
“Children in middle class families are estimated to have experienced some 100 hours of being read to when they enter school, compared with 25 hours of reading time provided in low income families”. Neuman 1999

Finding time to regularly read a book together can make sure your child is ready to read and more successful at school. Come and visit the school library and borrow books together, read a recipe or TV guide, read signs in the cars on shops in the magazines, talk about reading and books, get them to read off the internet or print out and read. For older children get them to read out aloud to you on a regular basis, or when grandparents, uncles and aunts come over. Any or all of these things will make a difference not only to your child’s literacy but also numeracy and most other areas of study.

Staffing news
Congratulations to Ms Dianna Jarman and Ms Fiona Ryan on winning a permanent position at Moonta Area School. We are very pleased and fortunate to be able to secure such quality teachers here on a permanent basis and we look forward to having them here for a long time to come.

Illness
This time of year can be challenging in that many of our school community come down with illness. Of course this year we have swine flu as well to worry about. I sent a letter home last week indicating that we have had some of our students diagnosed with swine flu and the necessary precautions we need to take to try and reduce the risk of it spreading.

We are starting to see the number of students and staff suffering from illness increase, this has seen us having to split classes as we have done on several occasions unable to replace that teacher with a temporary relieving teacher (TRT). This time of year often sees a shortage due the number of teaching staff away due to illness across the peninsula.

Out Of School Hours Care
A reminder to parents that if you are interested in out of school hours (OSHC) care that you need to come into the school, collect a survey from the front office and fill it in. We need to have a real indication of parent interest before we go to the next stage. So far we have had 15 replies.

This week’s picture of Mr Angus was drawn by Rebecca Stock, Mrs Kris Strauss Scott’s.
Literacy Tips - 6

HOW DO I ... get my child to read something besides their one favourite book?

All Readers

Re-reading a familiar book is a good because it builds fluency, but there are many ways to encourage your children to read other books.

1. **Start with a similar book.** Find the next book in the series, another book on the same topic or by the same author.

2. **Go to the library.** Spend time browsing books in the library so your child can see how many options there are and ask a librarian to give recommendations related to your child’s interest.

3. **Put out a challenge.** Ask your child to find a new book to read once a week, and to tell you what they liked or disliked about it in comparison to their favourite book.

4. **Read aloud.** Introduce other books you like by reading them aloud.

5. **Listen up!** Ask your child to read a different book to you each week.

GREAT READS

- **Aussie Gems: The Lamington Man**, by Kel Richards. This new Aussie version of The Gingerbread Man has the Lamington Man escaping from everyone, until he meets a cunning crocodile. Suggested for readers aged 4+.

- **The Mysterious Benedict Society**, by Trenton Lee Stuart. Four orphaned ‘gifted children’ respond to a peculiar newspaper ad and become part of a secret mission to uncover a plot that uses subliminal messages to take over the world. Readers of Harry Potter will enjoy this book. Winner of the EB White Read Aloud Award for Older Readers. Suggested for readers aged 10+.

Farewell & Welcome Back

Last week we farewelled both of our relief Groundspeople, Roger Elsworthy and Lyn Bettes. Both Roger and Lyn have done an excellent job maintaining our grounds and gardens and we thank them sincerely for their efforts. They both fitted in to our school environment very well and were always happy to do a bit extra to make sure our grounds looked good. We hope that Roger and Lyn take away some good memories of their time here.

At the same time it was good to welcome back to work our permanent groundsman, Al Gordon. Al resumed duties last Thursday after about eight months off recuperating from back surgery. I’m sure Al will enjoy resuming his work with us all.

Bruce Schmidt

Quiz Night

**When:** Wednesday 2nd September  
**Where:** Middle School Classrooms  
**Time:** 6.45 til 9pm  
**Why:** To raise money for the Year 7 camp to Melbourne  
**Cost:** $5.00 per person  
**Light supper provided**  

Drinks - $1.00 tea/coffee, $1.50 soft drinks  
There will be a small supper provided by Mrs Hancock’s class. People are welcome to bring extra nibbles.

We are still seeking donations for prizes. See Sally or Margie at school if you are able to assist.

We are counting down! Only 2 weeks to go until all completed PRC sheets need to be handed in to the library. The due date is Friday 4th September. Will this be our biggest year yet? If your sheet is nearly finished – keep going and get it done!

Since our last update the following students have completed the Challenge. It’s great to see some of the older year levels handing in their sheets. A great effort from -

- SH – Alannah Swift, Declan Waters  
- CH – Cameron Carter  
- SP – Kelsie Woods  
- FC – Georgia Skinner, Brody Cooper  
- KS – Jordan Barratt, Taylor Barrett, Taysza Penhall, Connor Mullholland, Bryar Ostendorf, Dylan Simms  
- CB – Brodie Cunningham, Carly Chapman  
- AK – Renee Smith  
- MH – Nikki Warthold, Adam Silvestri  
- RS/HS – Rachel Prout

Keep reading from Mrs Stringer and Mr Steele.
"Science without limits"

At Moonta Area School
This week is National Science Week. We will be highlighting the importance of Science throughout the week. Year 3-6 students will plan lessons to peer tutor R-2 students. R-2 students will design rockets. On Friday there will be a "Science Without Limits" afternoon with the launching of rockets and other demonstrations. On Monday Week 7 Kris Strauss Scott’s class will present a Science show to an audience.

Science and Education
There is something for everyone in Science. Science is all around us and in everything we do. Children are naturally curious and want to know why and what would happen if....? Science incorporates all other subject areas, including English and Mathematics. It reinforces relevant life skills: problem solving, group cooperation, persistence, imagination, creativity, measurement, observation, thinking………………. And it is fun!

Science and future careers
Quoted from Saturday’s Advertiser:
" A world of opportunity awaits those who study Science. Find your passion, follow your interest and you’ll find an array of potential careers at your feet.”
" The Scientists of tomorrow will likely find themselves in jobs that haven’t been created yet”
" Science opens the doors to a world of experience. You can work in the field, in the office and can go anywhere in the world”

Scientists
Scientists are people who study how things around us work. The stereotype of the eccentric old male with frizzy white hair or the nerdy young bloke, are breaking down. Science is for everyone.
Quotes from Albert Einstein

“I have no particular talents. I am merely inquisitive”

“The important thing is not to stop questioning.”

“Anyone who has not made a mistake has never tried anything new”

“It is a miracle that curiosity survives formal education”

“I never teach my students- I only attempt to provide the conditions in which they learn”

“There are two ways to live your life. One is though nothing in life is a miracle. The other is as if everything is a miracle”

Some of the many fields of science

Aerodynamics  Meteorology  Geology  Archaeology  Agriculture  Electronics

Physiology  Psychology  Nutrition  Zoology  Archaeology  Cosmetics  Forensics  Mechanics  Computer

Acoustics  Genetics  Engineering  Botany  Anatomy  Physiology  Agriculture
We had fun making Models of Mt Fuji and making dioramas in Japanese

Omedeto おめでと

Congratulations!!

Well done to the following students who have worked hard learning more hiragana.

Green Ribbon: Cody Ritter, Scott Campbell, David Kovic, Jacob Sakoulidis, Ryan Shields.

Red Ribbon: Carron Daveson, Chloe Vonderwall, Jemika Wanganeen, Tamika Sansbury, Blake Trott, Jesse Madden, Steven Mitchell, Steven McGinley, Brooke Bennett, Sarah Paget, Courtney Fricker.

Yellow Ribbon: Kimberley Perks, Kashia Vaughan, Courtney Adams, Casey Wardle, Sasha Glasgow, Teneika Nitschke.

Blue Ribbon:
Sasha Glasgow, Sam Crocker

Brown Ribbon:
Carly Chapman

Black Ribbon
Georgia Ivens
Year 12 Tourism – Innes National Park

On Friday 7th August, 2009 the Yr 12 Tourism students took part in an excursion to Innes National Park. A better day couldn’t have been chosen. The skies were clear blue and not a breath of wind to be felt! This was really viewing what the park has to offer at its best!

On arrival at the park the students fired questions at Julie (Office Administrator) about how the park was run, what it had to offer tourists, the impact of tourist and its overall sustainability. Julie was very informative and answered all the questions asked of her in a professional manner. She apologised for the fact that there were no rangers available to speak to the students but she did an excellent job, particularly when covering aspects of Cultural Tourism and how this impacts on the park.

From this point we meandered our way around the park looking at what it has to offer and how it is managed. Students observed the many changes that have been happening an enjoyed all that the park had to offer. Lunch was spent sunning ourselves at Dolphin Bay (and yes we did see a dolphin here!) before heading back to Moonta.

Unfortunately we did not have the time to visit all the areas of the park however an informative and pleasant day was had by all!

Fiona Anderson – Yr 12 Tourism
Moonta Area School

Ryan Kluske, Meg Crowel
(Ardrossan Students) Lisa Cooper,
Ryan Porteous, Holly Johns,
Taylah Andrews

Aussie of the Month – July/August

Nominees for Aussie of the Month
July/August

R-2 were:
Barb Drechsler – Emily Jolly
Linda Hettner – Zarli Willshire
Amanda Shepherd/Shelley Hier – Erin Gilfillan
Peta Elyward/Shirley Clark – Brett Reilly
Caroline Hutchins – Aidan Turner
Kristy Johnson – Flynn Cockshell

The Winner is: Erin Gilfillan

3-6 were:
Dianna Jarman – Maddie Musolino
Sonia Perkins – Kate Prout
Fiona Ryan – Jarred Freutrill
Kris Strauss-Scott – Taylah Willshire
Frank Camporeale – Dakota Gibson
Andrew Kite – David Kovic
Chelsea Balnaves – Jaidyn Pack

The Winner is – Jarred Freutrill

Erin is a helpful class member, she is a friendly and happy person who cares for others

Jarred is a friendly and caring student. He works well with others and helps people when they need it. Jarred listens to instructions and does as he is asked. He has worked well to improve his learning and this is shown in the work that he hands up. Jarred plays footy and is a good sport. Jarred cares for the environment and is always reading about ways that he can help improve the environment. He works hard to find out about different things in nature. He keeps his promises to others.
MOONTA STUDENTS ATTEND MATHEMATICS QUIZ NIGHT

On Wednesday 5th August, 61 students along with Mrs Stutley, Mr. Keleher and Ms Spaans attended a Maths Quiz night, run by Kadina Memorial High School, in association with the Mathematics Association of South Australia. With the large number of competitors, representing 4 local schools, the evening was held in the Wallaroo Town Hall.

The evening began with everybody heading to Subway for tea, stocking up on brain food treats and then off to the town hall.

Students were divided into groups of 4, with Moonta students comprising 14 teams competing in the Junior Division, Years 8-10 and 1 team in the senior Division, Years 11/12. In round one, students were expected to attempt to answer mathematics and general knowledge questions in 40 minutes. Round two was a repeat of round one, and in round three, students had 15 minutes to unscramble 5 mathematical words and 5 general words in the category of musical instruments. The final round was a tie-breaker round – 15 minutes to solve a problem solving question, showing all working and explaining.

All students worked extremely hard to answer as many questions as possible and achieved some excellent results. The junior team of Dylan McPeake, Mitchell Morby, Luke Moss and Jonathan Slade won the maths section of the quiz, and with a total score of 68 points, came in second position overall, behind a team from KMHS, with 69 points. In overall fourth position, with 63 points, was the team of Dylan Linke-Young, Sean McMahon, Dylan Olds and Damien Silvestri. Congratulations go to all competing students for their efforts and their attendance – competing in a maths quiz in their own time is highly commendable.
We have just started the process of reviewing our camps and excursions policy. I have asked all staff to meet in their teams (R-2, 3-6, 7-9 and 10-12) to make suggestions about where camps and excursions should go, what is their purpose, what costs are reasonable etc. Once that has been done I will collate their information and get it out to parents and students for their thoughts. When I have student and parent feedback I will then write a Decision Making Proposal and submit it to the Decision Making Committee to formally change/update the existing policy which was written in 1998.

Please start thinking about what you as parents and students want in the way of camps/excursions so that we can come up with a policy which reflects your needs. Please also remember that camps and excursions can only happen if staff are prepared to take them. It is not a requirement of the job that staff have to be involved in camps and excursions.

Bruce Schmidt

Proposal One: Interschool Gymkhana
Proposal: To take part in Interschool gymkhana. This will become an annual event. The Interschool Gymkhana is held every year at Clare. Events include Hacking, Mounted Games & Show Jumping. Whilst a high school event we can include those in year 7 as part of the Middle School
Benefits: Enable students who put in the effort/time with their horses to also have it included in school curriculum. Also opens their eyes to others. Many schools are from remote areas of the state & come with varied/horses/gear
Requirements from home:
Cost: Depends of the number of events that students enter
Date: Friday 18th September
Proposer: F Anderson

Proposal Two: Book Week / Literacy & Numeracy Week (Information Only)
Proposal: Various activities will take place during the week, culminating in a dress up day tied in with each class theme on Friday 4th September. Parents are invited to attend. An assembly in L1 to view each class then stay on for an open morning and a morning tea in the Library. Already approved as an annual event & dates have been confirmed.
Date: Monday 31st August – 4th Friday September
Proposer: Tricia Stringer

Proposal Three: Yr 11/12 Outdoor Ed Camp
Proposal: Change of date for Self Reliant Camp to Tuesday 1st – Friday 4th September (Week 7) instead of Monday – Thursday (Week 7)
Proposer: K Daddow

Young Mums Support Group

Copper Coast Parenting Program
Do you know any young mums that would like to be part of a young mums Parenting Group?
For parents aged 21 and under with children aged 0-5 years
The group provides:
- Support to young mums,
- Tips on parenting and child development
- Support with parenting issues
- Links young parents and their families to available services and resources in the community.

The program provides:
- The opportunity for personal development,
- Social support
- Parents to have some time out and participate in craft activities, discuss parenting issues.
A free crèche is available and morning tea provided.
It is a great opportunity to meet other mums in the area in a safe and friendly environment.
This service runs throughout the school terms each Wednesday between 10:30am and 12:30pm. Support is also available for young Dads please contact Andrea for more information at Uniting Care Wesley, 3 Gawler Street, Kadina 5554
Contact person: Andrea Ford; mb: 0458690089 or ph: 88213019
The Copper Coast Parenting Program is a Stronger Families and Communities Strategy. An Australian Government Initiative

Pisa Testing
A reminder to all parents of year 10 students plus parents of Michael Sparrow, Kelly Simmons and Tori Holness that the International PISA tests will be given to these students next Monday August 24th.
Please ensure your child is at school on time for these important tests which assess students readiness and preparedness for life after school.
You would have received posted information from me about these tests some time ago.

Road Crossing Monitors
Term 3, Week 6
Angus Simms; Brodie Nitschke;
Steven McGinley
Term 3, Week 7
David Kovic; William Etheridge;
Jake Turner
Senior School Activities

**Council and School Working Together**
Yr 12 Geography students are required to choose a local issue and conduct a Field Study around that issue, which includes interviewing and surveying the relevant people in the community. We were lucky enough to have Peter Dinning, CEO DCCC, come to class last Tuesday to answer the students’ questions on a range of issues, from the Council’s perspective. He is an extremely busy man and we appreciate his squeezing us into his schedule. Students were able to gain a lot of information to help them with their studies.

**The Hypochondriac - Festival Theatre**
The Yr 12 English class, together with Mrs Westbrook and Mrs Ruth Ivens, attended a performance of the Moliere comedy, *The Hypochondriac*, at Festival Theatre last Thursday. The students now need to present an oral presentation about the types and role of conflict in the play. For many of the students, it was their first experience viewing a play.

**New SACE – Research Project**
In preparation for the new SACE, Fiona Anderson and Mem Westbrook attended a workshop at KMHS last Friday where they received training about the Research Project, a new compulsory Yr 12 subject, commencing in 2011. The workshop was conducted by Sue Spence and Robin Auckett of the DECS Senior School Reform Team.
For Parents – We have created a special space for information of particular interest to parents. On display you will find books, pamphlets and information on current topics to do with parenting, along with copies of the school newsletter. The literacy tip featured in each newsletter has some suggested shared reading titles and these will be available for parents to borrow. Come in and check it out.

Book Week / Literacy & Numeracy Week – we are celebrating during Week 7 (31st Aug to 4th Sept). The theme this year is Book Safari and many classes are creating safari activities linked to their class theme or a short listed book. On the Friday of Week 7 we are having an R-6 assembly and students will have the opportunity to dress up to match their theme. Teachers will be sending home information about this soon. Families are invited to attend the assembly and then stay on to witness or take part in, some class literacy and numeracy activities. Morning tea will also be provided. Keep an eye out for the details in the next newsletter.

Book Fair – during Book Week there will be a Book Fair in the library. We give classes the opportunity to browse through the books early in the week. The books are supplied by Scholastic and your child may bring a ‘wish list’ home. If you would like them to purchase a book from the Fair call in during the week.

Radi8 Youth

A Youth Program that Surfs, Camps and does stuff that rocks!
We do awesome activities including sport, group games, treasure hunts, water sports, laser skirmish and much, much more.
Radi8 Youth runs every second Friday 6:30 – 8:30 pm at the Moonta Town Hall or Moonta Dart Club (see Roster for more info) for Ages 8 and up. Gold coin donation. Drinks and light food provided, Canteen available.
This week we will be having a special guest come in to Radi8 youth and teaching martial arts. It is going to be a jam packed night and we are going to have an awesome time.
For Further information see Michael Carson at Moonta Area School
Student Profiles

**Jordan Pordt**

Year/Class: 4/5 FC  
How long have you attended MAS: 6 years.  
What is the best thing about MAS: Sports Day – Flinders won!.  
Best memory at school: My first day at School.  
When I grow up I want to be: Cricket Player.  
In my spare time I like to: Cricket, basketball, the beach

**Georgia Prout**

Year/Class: 5 CB  
How long have you attended MAS: 7 years  
What is the best thing about MAS: Playing with my friends  
Best memory at school: Sports days  
When I grow up I want to be: A Hairdresser  
In my spare time I like to: Play netball, basketball and reading

**Danny Hobbs**

Year/Class: R/1 LH  
How long have you attended MAS: 8 months  
What is the best thing about MAS: Playing with Lego and building cars out of Lego, playing with computers in the Library  
When I grow up I want to be: An adult  
In my spare time I like to: Play Lego  
Play with blocks

**Libby Adams**

Year/Home group: 1KJ  
How long have you attended MAS: 1 year  
What is the best thing about MAS: Gym, Cross Country  
Best memory at school: PJ day  
When I grow up I want to be: Hairdresser  
In my spare time I like to: Play
Next Week Special (week 6):
**Hamburger with the Lot - $4.50**

Volunteers are still needed (10.00 – 1.30) – please contact the school or Tracy in the Canteen if you are able to give some time.

**Canteen News**

**Softball Club**: AGM, Monday 24th August, 7.30pm, Moonta Football Club. Looking for Senior & Junior players and Coaches for upcoming 2009/10 season. Contact Cherye Scarce 0439287709

**Family Day Care Position**: Do you need child care? Positions available immediately: one full day position (under 5) – Friday. Approved Family day Care, please contact Kristen Woodward 88251300/0407256229. Approval Number 6 809/68. A waitlist is available.

**Kadina & District Youth Centre Sport Aerobics Club**: Is your daughter 8 years and over and interested in Sport Aerobics? If so, please come along to our “End of Year Concert” on Friday, 4th September, 2009, Ascot Theatre, Kadina at 6pm start, gold coin donation. This is a chance to see the spectacular routines the girls have been working on all year. We will begin again in Term 1, 2010. Enquiries Rachel Larwood 0408 812 859.

**Parent Support Group**

An invitation to all parents/guardians to attend an informal gathering Developing Healthy, Happy Kids By Zelly Ritter KPS Student Counsellor Parenting tips and general Chit Chat on how to deal with some of your child’s behaviours. A few things covered will be:

- What makes a successful Parent?
- How to deal with sibling rivalry!
- Picking your battles!
- Building a good relationship with your child!
- Any other issues you may be having

Come along for a coffee and chit chat and pick up a few tips!
When: Thursday 27th August, 10am
Where: Kadina Community Library Conference Room

**Community News**

**Bute Essential Women’s Night**: Wednesday 26th August, 7pm Bute Sporting Club, supper provided. Guest Speakers: Dr Alison Edwards & Michelle Trengove (Yoga). Many Local businesses attending. Tickets $10 from DJ Music or Bute Kindy

**ZooVentures & Zu-Fari**

October School Holiday Program

**ZooVentures for Kids at the Adelaide Zoo**
**Zu-Fari for Kids at Monarto Zoo**

ZooVentures and Zu-Fari focus on making friends, learning lots and unique opportunities to meet with Zoo animals and their keepers. Children aged 6 – 12 (Adelaide Zoo) and 8 – 13 (Monarto Zoo) are cared for by two qualified teachers for a full day of fantastic Zoo experiences.

Run by the Adelaide and Monarto Zoos from 9:00am – 4:00pm on various weekdays during the school holidays. ZooVentures- $45/day, Zu-Fari- $55/day (including the bus trip up to Monarto Zoo). Positions must be booked by phone on 8267 2434. (They fill quickly!) Phone for more information or visit our website: http://www.zoossa.com.au/education

**Family Fun Day**

Sunday
6th September, 2009
