Literacy & Numeracy Week / Book Week
Safari Adventures – Open Morning
The school has been transformed in the last week, if you come into the library, our administration office areas, many of our primary classrooms you will see lots of changes as we all go on safari in support of Literacy & Numeracy Week and Book Week.
We have colouring competitions, puzzles, and lots of safari adventures all around the school, culminating in a dress up and open morning this Friday 4th September.
I invite all parents to come in on Friday and participate in what has been a great week.
A big thank you to the staff who planned and organised specific Literacy & Numeracy activities and displays for the week. I am sure the students appreciate your efforts.

SWOT Analysis – Parent views wanted
The School Improvement Committee is currently looking at our improvement priorities for 2010. Whilst literacy will still be our major focus we are keen to get parents and students’ views on other areas of the school you feel may need improving. If possible we would like you to discuss this survey with your child/children and complete it and return to your child’s home group teacher. We will share the findings in MAS Media and use these to help us in developing key improvement targets for 2010 and beyond.

Science week
It was fantastic to see so many of our Moonta Area School students being involved in Science Week activities. It was great to see many of the students asking probing scientific questions. I would like to thank Kerry Crosby and all the primary staff for their commitment to providing our students with exciting, engaging learning activities.

Subject Counselling Special Parent Meeting Tuesday 8th September
Term 3 is the time where we start our counselling processes for our secondary students. We have modified the process this year to try to ensure all students have a course of study that best reflects their individual needs.

A special parent meeting for parents of our year 10 & 11 students will be held on Tuesday 8th September. It is extremely important that year 10 & 11 parents take advantage of these sessions as the options for our senior students have never been greater with students being able to study both academic and vocation subjects at MAS. Delivery could also be by local delivery at KMHS or through open access. Vet, school based apprenticeships & TAFE study options are also available.

School Closure Day
A reminder to all that the school will be closed Friday 11th September for the Royal Adelaide Show. I hope all Moonta families take this day as their opportunity to go to the Show and avoid any further disruptions to students’ learning.

Student success
Congratulations to all out students who have made into the local finals for their respective clubs and competitions, we wish all of you the best for the final series ahead. Special mention to Malcolm Karpany & Will Northeast on taking out the medals for the junior colts.
Congratulations to Bernice Allan on winning 3 medals at the recent World Transplant Games. Bernice won a gold in the Tennis, a silver medal in Ten Pin Bowling and a Bronze medal in the Table Tennis. Well done Bernice.

Choir – Festival Of Music
Our school choir will be performing at Festival Theatre next Thursday the 10th September as part of the Festival of Music performance. We wish them well and I am sure they will do themselves and the school proud. I must publically thank Mr Frank Camporeale for the fantastical work he does with these students.

This week’s picture of Mr Angus was drawn by Amber Sharpe, Ms Ryan’s class.
This week has started with lots of visitors in the library enjoying the displays, competitions and Book Fair. The theme for Book Week is Book Safari and each class has adapted the theme to suit their current work. There are daily activities in the library and a huge Book Fair. Students may have come home with a wish list. Books are available for purchase all week. Call in at the library to take a look.

Friday, students will be dressing up to suit their theme. There will be a parade first thing in the morning in the gym. Parents and friends are welcome to come and join us and then stay for our open day. Classes will be open for you to visit and watch or take part in their literacy and numeracy activities. Visitors are invited to morning tea in the library on Friday.

DEVELOP AN ‘EAR’ FOR RHYMING
Beginning Readers
Being able to hear similar sounds in words is an essential skill for beginning readers. This is called phonemic awareness.
1. Sing! Sing! Sing! Traditional and modern songs are full of rhyme. Sing along with them over and over. Then occasionally stop and talk about which words or sounds are alike.
2. Create your own songs. Children will love songs you make up just doing things around the house, such as ‘This is the way we wash our hands...’ You don’t have to be a good singer, just have fun.
3. Combine rhymes or songs with rhythmic clapping or movements. Use familiar rhymes such as, Ten Little Monkeys Jumping on the Bed or songs such as, Do Your Ears Hang Low?
4. Snap-clap. Encourage children to make a similar move or sound when they hear similar sounding words in a rhyme.
5. Word Play. Make up silly sentences of rhyming words. For example: ‘Matt is a fat cat, sitting on a flat mat.’

GREAT READS
✓ Madeline, by Ludwig Bemelmans. ‘In an old house in Paris that was covered in vines lived twelve little girls in two straight lines ...’. Hard to believe it is 70 years since this classic rhyming story and others in the series were first published. Suggested for readers aged 4+.
✓ Aussie Gems: There Was an Old Lady who Swallowed a Mozzie, by P. Crumble. ‘There was an old lady who swallowed a mozzie. I don’t know why she swallowed that mozzie ... She’s gotta be Aussie!’ A new Aussie version of an old favourite. Suggested for readers aged 7+.
N.B. This book is available at the Book Fair in the Library.
Parent Interviews

Week 8 is interview week for students in years R-6. I strongly encourage all parents to make a time to see your child’s teacher. If you are unable to come in at designated times, then contact that teacher to make alternative arrangements, a simple phone call can be very useful in helping support your child with their learning.

We are keen to build and maintain positive relationships with parents of our students, as parents are our most important partners in ensuring the best educational outcomes.

When we invite you to an interview with teachers, there are ways we can cooperate to make the occasion as productive as possible:

- Talk to your child before the interview; find out if your child has any specific concerns about schoolwork or relationships with classmates. Ask your child what she/he would like you to discuss at the meeting. You might like to ask, “I’m going to be meeting with your teacher what will she tell me?” Your child’s response will give you ideas about what needs to be discussed with the teacher.
- Prepare a list of questions you want to ask your child’s teacher.

Prepare a list of questions you want to ask your child’s teacher:

- Is my child meeting expectations for learning and behaviour?
- How has my child performed in daily class assignments, in tests, in homework assignments?
- How does my child compare to others in basic skills?
- Does my child follow school rules or are there any behaviour problems?
- Is my child struggling in any area, what has been tried to improve performance?
- Does my child pay attention in class?
- What else can be done at home or at school?
- What are my child’s strengths?
- Are there any concerns about my child’s health, adjustment?
- Does my child get on with other students in class and work cooperatively?
- Are there materials or resources that you would recommend?

- Be ready to collaborate with the school. Generally our teachers will give bad news only because they want to help your child do better, not to place blame, but sometimes the message does not come across that way and you naturally may become defensive and protective, maybe even angry. **Assume the teacher, like you, has your child’s best interests in mind** and respond calmly and tactfully. Show that you are more concerned with solving the problem and helping your child succeed. Offer to meet again to discuss the problem and work out a solution. Sometimes teachers are as reluctant to deliver bad news are parents are to hear it. **Your child benefits when you and the teacher work together to find the solution.**
- You want to hear good news about your child. If the teacher does not offer any positive comments, ask directly (“What does my child do well?”). Teachers often hear only negative comments too. A thank-you lets teachers know you appreciate what they are trying to do to help your child, even when it doesn’t seem to be working.
- Don’t be afraid to ask questions if you don’t understand something or feel your concerns are not being addressed. Teachers can easily slip into jargon and forget that many parents are not familiar with the terms they use every day. Ask what test scores mean and what the results mean for your child. **Not understanding can quickly lead to misunderstanding.**
- Some practical advice: teachers are meeting many parents so it helps when everyone is on time and sticks to the allotted time. Try not to use up the precious time on unrelated issues. Leave younger children with a carer so you can concentrate with no interruptions. Bring a support person if you wish, to give you confidence.
- Discuss the conference with your child and agree on the issues you will be following up on. Show your child you intend to work with the teacher.
Years 3/4 Post Office Visit

On Wednesday 26th September Mrs Perkins and Mrs Jarman’s Year 3s and 4s visited the Post Office as the culmination of a unit about letter writing. We had been supplied with pre-paid postcards which the students had written to their parents and had addressed ready to post. After posting these in the red post box outside, Paul and Lynette very kindly took us around the back of the counter. There they explained how they stamped the mail to cancel the postage, sorted it by street name and readied it for collection by the postal contractors (posties) for Moonta or Kadina and the Australia Post truck for all other destinations.

We found out some interesting facts, such as mail that is sent to Wallaroo from Moonta goes to Adelaide to be sorted and is then sent by truck to Wallaroo. Paul checks for mail every weeknight at 5 p.m., so make sure to post important mail before then and the big, red Australia Post truck collects mail around 5:30 p.m. each night, arriving in Adelaide via Kadina around 10 p.m. It only takes a day (or maybe two!) to get from here to any Adelaide destination.

We had a very interesting trip, with a tricky quiz at the end (love those observation questions!! Mrs P ☺). Thank you very much to Paul and Lynette for having us.

Mrs Jarman & Mrs Perkins

Vietnam Veterans’ Day

On Tuesday 18th August, our school captains represented our school and placed a wreath at the Moonta War Memorial during the remembrance ceremony.

The Vietnam Veterans’ Day date was chosen because of the most famous battle, the battle of Long Tan. During the Vietnam War this battle was fought between the Australian Army and the Viet Cong forces in a rubber plantation near the village of Long Tan, about 27 km north east of Vung Tau in South Vietnam.

Quiz Night

Tonight!!

There will be a small supper provided by Mrs Hancock’s class. People are welcome to bring extra nibbles.
On Friday, Term 3, Week 5, Moonta Area School celebrated Science Week by holding a “Science Without Limits” afternoon. During the week, Year 3-6 students wrote procedures and plans to peer tutor R-2 students in the launching of pop rockets. (To highlight the 40th anniversary of the moon landing). The R-2 students had constructed and decorated rockets and attached them to film containers in readiness for the event.

We assembled in the JP play area. The afternoon started with the awarding of prizes for the "Sketch a Scientist" competition. Winning entries varied from an alien like creature to a young trendy female. Five year 7 students demonstrated a delicate and unpredictable experiment nicknamed “elephant’s toothpaste.’ This created much nervous anticipation and amazement as the frothing mixture oozed out of a tall cylinder and spiralled over the bench in striped colours. Four year 6/7 students intensified the atmosphere by launching two water rockets to an audience countdown.

The students then broke off into groups with their peer tutors and had great fun launching their own alka-seltzer powered pop rockets.

It was a great way to culminate the week. Kerry Crosby

On Monday 17th August I, Sarah Muir and my friend Sara Stock helped the RSPCA by selling cup cakes for national cup cake day for the RSPCA. We sold the cup cakes for 50c each, sold 429 cup cakes with outside orders and raised $230.15 with donations included. Thanks to our families and friends for helping us to cook the cup cakes. We were very happy with the amount we have raised and thanks to everyone that bought cup cakes.

Canteen News
Volunteers are still needed, 10 a.m. to 1:30 p.m. please contact the school or Tracy in the Canteen if you are able to help out.

Welcome John
Hi all, my name is John Geddie, I am a student teacher from the University of Adelaide. I will be teaching (or learning the ropes) at Moonta Area School for the next four weeks. I would like to thank MAS for accommodating me as I know student teachers can be an extra work load for some. Everyone, especially my mentors, David Steele, Di Daddow and Wendy Brusnahan have made me feel very welcome and I hope to learn as much as I can from the wealth of experience each has. I am sure my time at MAS will be a rewarding experience and will help me develop my teaching skills for the future.

The following proposal has been approved by the Principal:
Proposal: Year 12 Geography students visit the Marion Bay Desalination Plant and the Edithburgh Wind Farm
Proposal: Students will be able to relate the theory taught in the classroom to the reality. Renewable energy is a topic in the Resources and Development Learning Area, while sources of freshwater and consumption of water are topics in the Water Resources Learning Area. The excursion will also give the students real life examples that are more easily remembered for use in the exam and assignments.
Requirements from home: Recess and lunch or money to buy lunch.
Cost: $2
Date: Monday 7th September, Week 8.
Proposer: M Westbrook / B Schmidt

**Also to be made an Annual Event**
The following proposals have been approved from the phone meeting held Monday 24th August:
1. Interschool Gymkhana – Held at Clare. Friday 18th September, Week 9.
2. Book Week / Literacy & Numeracy Week – Dress up day on the Friday and assembly in Lesson 1 to view each class, then open morning and morning tea in the library. Monday 31st August – Friday 4th September, Week 7.
3. Year 11/12 Outdoor Ed Camp – Change of date. Now to be held on Tuesday 1st – Friday 4th September, Week 7.
On the 28th of July was our first meeting. We played games, such as Splat, Silent Ball and Duck, Goose and we did a Treasure Hunt to learn everyone’s names and to get to know each other. We had iceblocks to eat in between games. Some people were voted to do jobs and they were:

- **Recorder/Scribe:** Hollie Ravenscroft
- **Star Chart:** Cody Ritter and Joss Moss
- **Publicity Officers:** Katie Shipard and Gracie Steele
- **Timer:** Carly Chapman

People got certificates for good eye contact and sitting on their seats.

Emma Hackett stays on as the chairperson.

At our week 4 and 6 meetings our group decided to raise money for World Vision because this year not enough schools participated in the 40 hour famine. We decided to support the idea of buying food to send overseas. In the canteen, staff room and the library we have put boxes for spare change and if you have any please give the money.

By Katie Shipard and Gracie Steele

Every $40 helps feed 5 children for 1 month.

**Emma Hackett** (Chairperson), Hollie Ravenscroft and Brodie Cunningham (Junior School Captains) holding the World Vision boxes.

**Tuesday 22nd September**
- Ordering envelopes are available from class teachers on Monday 14th September.
- All envelopes with money must be back to class teachers (not Front Office) by 9 a.m. Friday 18th September.
This is it! The final week to hand in your completed Premier’s Reading Challenge sheets. They can be delivered to the library before 4pm on Friday. Congratulations to Mrs Strauss-Scott’s class who have all completed the Challenge. They are pictured with the numbers 336. That’s the minimum number of books read by all the students in the class. Of course the figure is much higher as many have read more than their 12 for the Challenge. Well done! The following students have completed the Challenge since our last update. It’s great to see Yr 10s are still taking part in the Challenge.

PE/SC – Michael Mitchell, Abby Prout
CH – Tahlia Woodward, Ryley Paulson, Brayden Dunn, Nick Stewart, Brodan Skinner, Harley Simms
KJ – Alex Elsworthy, Ethan Skinner
SP – Olivia McKenzie, Kara Hackett
FC – Amber Woods, Jack Ravenscroft, Emily Robinson, William Jolly
FR – Connor Hume, Jarred Feutrill, Ayden Murrell, Sabrina Barton, Michael Brown, Tyler Raymond, Kameron Rowntree, Kamarhyn Borlace, Daniel Sharpe, Steff Muench
KS – Kiara van Rooy, Gabrielle Morby, Liam Anderson
CB – Riley Hatcher, Kate Stewart, Sascha Glasgow
AK – Cody Ritter, Angus Simms, Emma Hackett
MH – Willis Daveson, Sarah Muir, Lee Prentis
RS – Taylah Wardle
KD – EJ Appleton

Keep reading and don’t forget to hand in your sheet by Friday.
