This will be my last official communication as Principal of Moonta Area School. I would like to thank all members of Moonta Area School for the support I have received over the last 5 years. I have thoroughly enjoyed my time here at Moonta and hope I have given the school the leadership and direction needed during that time.

To my fellow members of administration during the last 5 years, Bruce Schmidt, Di Daulby, Jan Ritchie, & Robyn Dalziel thank you for your initial welcome, your ongoing support and the way you have always put the school first.

Your individual and collective knowledge, skills and abilities are critical in how this school has and will continue to improve.

To all my other school leaders, and there have been a few over the last 5 years, thank you for all you have done and continue to do to make your specific areas of responsibility to Moonta Area the best it can be. We have been extremely fortunate to have a group of leaders who are willing to do that much more to improve, not just their own, but all aspects of the school.

To teaching and non-teaching staff,
you are the backbone of the school. The day to day teaching and interactions you have with students are the most important thing we do and I thank you for the care, concern and professionalism you show every day. You are some of the best educators I have seen in my teaching career.

To the students of Moonta Area School, it has been a privilege working with you and seeing you grow over the last 5 years. Remember your learning is the most important aspect of your schooling, embrace that, protect it and you will leave with all the options you need to go to your next chosen step. I look forward to running into you in the future and finding out what your next step has been.

I would like to thank all our parents and especially our parent leaders for their support and the time they have given to the school. The school is a better place when we have parents involved in all aspects of the school and I encourage all parents to continue to get involved. Your input will always be welcomed and valued.

Kind regards
Dean

During Week 5 Mrs Stringer and I were lucky enough to attend the *Inclusive Learning Technologies Conference* at Jupiters Gold Coast Convention Centre. The venue, accommodation and food were all fantastic, making it a very enjoyable experience. The sessions themselves ranged from interesting through to amazing or truly inspirational and I would urge anyone who works with someone with special needs to consider attending the next conference, to be held in 2014.

For those of you reading this and wondering ‘what on earth is she talking about?’ Inclusive Learning Technologies are all about using technology to assist people to manage their own learning and/or life.

Here are some ideas of what this could look like in the real world:

- An iPhone app that enables a visually impaired person to tell if they have left the house lights on
- A function on an iPad that will read text to a struggling reader
- Various setting functions on the iPad that allow users with poor motor control to negotiate through the iPad
- Apps for iPads/iPods/iPhones that teach or provide practise in a range of subject areas
- Smartpens used for note taking and play-back

Of course, these are but a few, and my head is still spinning with ideas, nearly a month later! If you would like more information, or if you have someone who you think may benefit from Inclusive Learning Technologies, please feel free to have a chat with me. I may not be able to help you, but I may have an idea of something that could be of use in your situation.

Special thanks must go to the Special Education Resource Unit (SERU), for providing me with a scholarship to attend the conference and our Regional Office who also provided some funding. Thanks also, of course, must go to our school for supporting my absence for a week during term.

As with any good conference, I also came back with lots of fun ideas as well. The students in my class enjoyed my daily updates and photos and were fascinated with the free slippers that I received at the conference. I hope you enjoy reading what my class has to say on my experience,

Miss Ryan

---

**Inclusive Learning Technologies Conference**

**Miss Ryan went to Queensland and so did Georgia’s mum. Miss Ryan said it was hot up there. Miss Ryan got some new apps for the iPad and on Monday Miss Ryan was back. Miss Ryan sent us a postcard of the Gold Coast and Miss Ryan showed us the apps on the iPad and the app that blew us up on the iPad was good. Sock Puppets was good too.**

Jarred

**Miss Ryan went to Queensland to learn about the iPad and the Smartpen. One of the things that she learnt was that you can make an action movie. The nice man gave Miss Ryan some sticky dots for the Smartpen. She got free slippers at the conference. Tyla**

On Wednesday 6th June (Week 7) the students from Mrs Crosby’s and Mrs Perkin’s class spent the morning at Simm’s Cove and the afternoon at Moonta Bay. The coast became our classroom.

The two classes are studying our Earth’s surface and are learning about the natural and man made changes that occur over thousands of years. They are investigating soil, rocks, weathering and erosion. What better place to learn about this topic!

We crossed our fingers and toes and ‘rugged up’ in preparation. Fortunately the weather was absolutely perfect and most of us needed to strip down to t-shirts as the sun was shining brightly.

When we arrived we had a roll call just as we would at school. We then set up camp in the sheltered Simm’s Cove. The students immediately noticed the awesome examples of erosion that have occurred on the cliff faces. The cliffs have been carved by wind, waves and rain and have crumbling overhangs.

After a warm up game the students had to find four examples of erosion, sketch them and predict the cause. We noticed the very smooth rocks that are embedded in the sand and discussed reasons for their shape. We found arches and grottos that have been carved by water and wind. We tried to predict what the landscape will look like in the future.

Students were then given time to do some ‘geology digs’. They had previously made ‘junior geologist kits’ in pairs at school. They raced off to set up camp together. They really enjoyed this time to explore using their tools, which included magnifying glasses, scopes, picks and measuring instruments. We observed one very elaborate camp with its own microscope. We may have some budding geologists amongst us!

Eventually we walked to Moonta Bay where we rested and enjoyed lunch. The students then had time to explore the rock pools and observe creatures. We noticed very unusual patterns of erosion on the craggy rocks. Many crabs were observed and students then drew a scientific, labelled diagram of a crab.

We culminated the afternoon with a sandcastle competition and admired each group’s creations. Unfortunately one group made their castle too close to the sea and the tide quickly eroded it.

The students were dismissed when their classroom was tidy!

It was a wonderful day and I’m sure we learnt more about erosion in the natural environment than we could have done in our room.
On Thursday 14th June, our class spent the evening at school, sharing soup and stories.

Some were spooky, some were funny... Some were just plain weird!

Thank you to Emma and Rachel for helping to serve soup and making hot chocolate.

Soup and storytelling was really fun. — Shayla

We listened to lots of stories. — Natasha

The pumpkin soup was delicious and yummy. — John

I liked it when we went outside to look for possums. — Charlie

When we went for a walk, everyone though Mrs Ellis was missing! — Cheyanne & Michaela

Hot Soup – Chicken or Pumpkin? 😊 Really attentive listening 😊 All of the chicken soup went... into our tummies! — Jorja

Mrs Stringer’s Spooky Story

The stories were great. — Leah

On Tuesday 12th June, Moonta Area School students were entertained by Sid and his principal Mr. Walk-a-lot in the ‘Think Feet First’ theatre performance.

During the show students saw the transformation of Sleepy Sid - the boy who was always tired and not able to concentrate in class - into the bright and energetic Super Sid! Just by riding his bike to and from school, Sid became a healthier and happier boy and didn’t get into as much trouble with Principal Walk-a-lot.

If you want to be super like Sid and step, cycle or scoot to school, here’s just a few things to remember:

- Get permission- ask Mum, Dad or another trusted adult if it’s okay for you to step, cycle or scoot to school.
- Plan your journey- look on a map or ask an adult to help you find the safest route to school.
- Be organised- pack your school bag, check your bike tyres and get your helmet ready the night before!
- And get up a bit earlier in the morning to help get breakfast and lunch ready.

For more information about OPAL contact Georgina (OPAL Program Manager) on 8821 4986 or visit www.opal.sa.gov.au

‘Think Feet First’ Theatre Performance

Sleepy Sid using his Think Feet First chart to help him to remember to step, cycle or scoot to school

Students helping Principal Walk-a-lot to make a ‘Stop, Look, Listen, Think’ rap song
Well done to the following students for completing their Premiers Reading Challenge sheets during the last two weeks.

Nirelle Turner (Barb Drechsler)
Bella Luciano (Miss Spaans)
Alex Schache, Josh Chambers (Mrs Perkins)
Izac Barry (Mrs Ellis)
Owen Andersen, Jack Irlam (Mr Hall)
Adele Andrew (Mrs Stutley)

Congratulations to Brett Reilly, Rebecca Stock (x2), Corben Osborn, Emily Jolly, Ayden Aurisch, Imogen Elsworth, Brock Elsworth and Asha Johns for finishing ‘Beyond the Challenge’.

This week’s voucher goes to Izac Barry.

We currently have 146 students who have completed the Challenge. Only 4 to go until we will all receive a Super Dooper iceblock as a reward for all of the hard work done by those students who have completed the Challenge.

Parents you are a key role model for young readers, even when they reach their teens. Holidays are nearly upon us and this is an ideal time to find something to read.

- Browse the library shelves together
- Ask a librarian for suggestions
- Visit the book section of the shops or head off to a specialist bookshop
- Think about your favourite books and why you like them
- Talk to your teen about what they’re reading and what they’re reading
- Acknowledge the emerging adult in your teen by suggesting some adult reads you think they can handle
- Read something together and talk about it – a book, newspaper, magazine
- Select a variety of books, read them, leave them around the house

The break from school and the colder weather makes great opportunities for reading. Enjoy!

---

**Year 7 Knockout Netball**

On the 2nd of April Tahlia, Lucy, Samara, Teneika, Skye, Kiara, Kate, Maddie, Amber and coach Carina went to Kadina to compete in a Round Robin Netball Carnival. At this carnival they remained undefeated for the entire day.

From this, the team then went on to compete in the first round of the state wide upper primary knockout. This game was held in Port Wakefield on the 7th of June. In round one the team played against Angle Vale. This proved to be an easy win (63-1) against a group of younger and smaller girls. Round 2 of the knockout will now be played against Mawson Lakes by the end of the term. We are hoping for another win here so we can progress further in the competition.

By Tahlia & Lucy
Year 8/9 Girls Knockout Netball

A strong team, on paper, ventured to Maitland matched up against Minlaton and Yorketown in a three-way round robin knockout competition to see who would go through to the next round. The weather was a little gloomy but the rain held off while we played and the netball form was anything but gloomy. Our first game was against Minlaton and we saw the game off to an even start. Some took a while to adjust to the wet ball and rings. We were down 4-5 at the first break. The second quarter saw the girls hit their straps with some great shooting from Isabelle Glasgow to be 13-8 up at half time. With 3 on the bench I looked to get everyone some court time and made some changes at both half and three quarter time where we continued some solid game play with good court movement to win the first game 19-15.

Having taken out the first game, a win against Yorketown, a quality opposition would mean we would go straight through to the next round. The girls started a little slow again, trailing, but keeping in touch and always within a couple of goals until part way through the second quarter, where we started to assert some dominance in defence through Sasha Glasgow’s quick hands and Chelsea Fisher’s aggression to get it to 9-all at the half. The third quarter continued to be an arm wrestle with good midcourt pressure from Bella Congdon and Nikkita Aldridge to keep it close. The final quarter started with a quick goal and Moonta was never headed from there, always responding to a Yorketown goal to run out 21-18 winners.

Players: Isabelle Glasgow (Captain), Nikkita Aldridge, Chelsea Fisher, Emma Hackett, Renee Smith, Rachael Clarke, Sasha Glasgow, Bella Congdon, Carron Daveson, Carly Chapman. Umpires/Scorers/Timers: Chloe Barrett, T’Leigha White, Olivia Northeast

A superb effort from the entire squad of 10 who were great in understanding that not everybody could always be on court and making my decision quite difficult every quarter of who to keep on. Everyone deserved to be on court for 8 quarters. A great effort girls and we look forward to the next round against a school from the Clare/Balaklava region.

Daniel Hoskin/Wayne Slattery

Year 10-12 Aboriginal Student Pathways/SACE Conference

Six year 10 students, Jane McCauley, Michele Appleton and parent Tracy Masters travelled by school bus to Adelaide on Wednesday 13th June to attend the 2012 Aboriginal Student Pathways/SACE Conference. The theme for the conference was I Lead I Succeed.

The conference was officially opened by Hon Grace Portolesi MP Minister for Education and Child Development followed by a highly motivating and inspiring speech from Ms Abby Ramirez-Shillingford who is a practising Native Title Lawyer.

Students were entertained by a fantastic Musical Presentation from students from The Centre for Aboriginal Studies in Music (CASM).

Students then moved to various workshops throughout the day, focussing on Pathway opportunities and career opportunities. All workshops were extremely informative and students felt the day gave them lots of information to guide them in their career pathways.
On the 16th May, “The Screaming Eagles” were on their way to Adelaide for the Aboriginal Power Cup. The team is a combined team and has students from four different schools that meet up at Maitland Area School every Tuesday. The team consist of Kirsty Weetra, Kiara Miller, Kiyanne Sansbury, Lynette Wilson, April Wilson and Nicole Walker from Maitland. Willis Daveson, Teekah Chantrill, Tianna Sansbury and myself (Kayla Masters) from Moonta. Stacey Pratt and Sam Power from Ardrossan and Mikey Aplin from Kadina.

On Thursday the 17th of May we had our first day at Aboriginal Power Cup (APC). On arriving we were all given the guernseys we designed, a pair of shorts, socks and a pair of boots. Eagerly we headed to the change rooms to change. As we only had three boys Willis, Sam and Mikey joined the Port Pirie Secondary School boys team and played with them.

There were 17 schools involved in the Power Cup and most schools had two teams. Our girls team, The Screaming Eagles, played four games on the Thursday. The girls put in a tremendous effort on the field and we had a final victory in our last game against Le Fevre High.

At the end of the day we headed back to Adelaide Shores Caravan Park and got ready to go out for tea at the Lakes Hotel with the Coober Pedy Mob. We had a fun night chatting about how we played and what each other’s interests were. After we had sundaes for dessert, we headed back to the caravan park for some well-needed rest.

Friday was an extremely busy day as we underwent our last three games including semi-finals and a range of different workshops which included road safety, Uni options, and a performance from a fantastic comedian, a career expo and also a practice of our cultural dance. For a special treat after all of our hard work all the teams had a pasta tea at Port Club while watching a comedian by the name of Sean Choolburra. He was so funny. Our team then headed to the caravan park to get washed up to go to the movies.

Saturday we all rose early to head to AAMI stadium for our official breakfast. The team all enjoyed themselves at the official breakfast even getting some pictures with some Port Power players and making a smiley face with our breakfast. We all then watched the Aboriginal Power Cup finals between Murray Bridge and Salisbury in both the girls teams and boys team.

The final treat for us all was watching Port Power verse the Kangaroos Saturday afternoon and Port Power having their first win by winning the game in the final seconds of fourth quarter. Our camp ended with us heading home on the bus talking, laughing and singing to each other. We would like to thank Miss McPharlin and Kev for being there for us and all the parents and mentors that came along to support us.

Kayla Masters
Visit by Author, Phillip Gwynne
Phillip Gwynne, author of several novels including *Deadly Unna* and *Nukkin Ya*, spoke to Years 7-12 on Wed. May 23rd. He told us of his early years living at Pt Victoria, from age 7 to 13, as one of 8 children. Many characters and much of the plot from *Deadly Unna* are based on his time there. He went on to tell us how he came to be an author, where he gets his inspiration from and what is involved in getting a book published. Most stories spring from an experience or are connected in some way to something he has seen or heard.
Phillip also conducted a workshop with Years 10-12 and another with Years 7-9. We heard how Phillip writes and saw some illustrations from his publisher that he is trying to write a story for.
Phillip used to live in Sydney but now lives in Bali with his wife and two young daughters. He also has an adult son who is a world class skateboarder in North America.
We enjoyed Phillip’s visit and look forward to reading his next book.
**Top photo:*** Brodie Cunningham and Michael Scarce checking out illustrations sent to Phillip by his publisher. Phillip has to write a story to match them.
**Bottom photo:*** Lee Prentis reading out the story she wrote while working with Phillip.

South Australian Tertiary Admissions Centre Presentation at KMHS
Year 12’s interested in applying for university positions attended a presentation by Uni SA and Flinders Uni at KMHS last Wed. June 13th. The presenters outlined the benefits of studying at their universities and explained the application process. Other topics included new courses, bonus points, facilities, campus life and accommodation. At the conclusion of the presentation students were able to collect brochures relevant to the courses they are interested in and seek further information from the presenters on a one-on-one basis. University applications close at the end of September and are completed on line.

School Based Apprenticeship for Cody Scott
Cody Scott, currently studying at year 11 level, has recently been signed up for a school based apprenticeship in Agriculture. Cody has been apprenticed to farmer Andrew Davey of Wirrawilla Farms Pty. Ltd. near Maitland. Cody will spend one day/week with Andrew as well as undertaking training in Certificate 3 in Agriculture. Congratulations to Cody and we wish him all the best as he commences his career in Agriculture.

Vince Ivens (VET Coordinator)
Departing on the 4th of June, the Year 10 Outdoor Ed group left Moonta to go on a hiking camp that would go for three cold nights and four long days of walking, climbing and hiking which turned out to be a great experience.

Through the steep steps of Alligator Gorge and the slippery creeks within Hidden Gorge, we took care and walked 18km in one day, carrying over 12kg on our backs.

We also conquered Mt Cavern, 770m above sea level. It only took us 3 hours to climb with our day packs, what a fit group we were!

Big thankyou to KD for all the effort he put into this camp, must say we won’t ever forget it, but it was so good to get home on the 7th of June to our nice warm running showers.

Participants: Wade McKenzie, Sam Gummow, Courtney Fricker, Jasmine Elvin, Alec Hutchins, Olivia Northeast, Ben McPeake, Teekah Chantrill, Jake Cunningham, Willis Daveson, Chloe Barrett, Sam Gamble, Sarah Hutchinson, Patrick Ellard, Courtney Adams, Brody Nitschke, Kim Green and Kris Daddow.
The following proposals will be discussed at the meeting to be held on Monday 25th June:

Proposal One: YP Youth Forum – MAS Band to perform
Requirements from home: Music folders, instruments.
Date: Tuesday 26th June, Week 10.
Proposer: N Hamdorf / B Schmidt

Proposal Two: Year 7 Knockout Netball
Proposal: Participate in Round 2 of Knockout Netball competition vs Mawson Lakes, held at Pt Wakefield.
Requirements from home: Netball Uniform
Date: Thursday 28th June, Week 10.
Proposer: S Hackett / M Ellis

Proposal Three: That the Year 12 English class attend the musical, “Hairspray” at the Shedley Theatre
Cost: $22 – ticket.
Date: Thursday 19th July, Term 3, Week 1.
Proposer: M Westbrook / B Schmidt

Proposal Four: Tree Planting at Port Hughes
Proposal: Yearly tree planting for National Tree Day.
Requirements from home: Hat, water bottle.
Date: Wednesday 25th July, Term 3, Week 2.
Proposer: S Perkins / M Ellis

Proposal Five: Annual Music Concert
Proposal: Annual music concert to showcase the musical talent in the school and give performance opportunity to drums, woodwind, guitar and keyboard students. As well as to the school band and choir.
Date: Thursday 2nd August, Term 3, Week 3 at 7 p.m.
Proposer: V Ivens / B Schmidt

Proposal Six: To hold a casual day to raise awareness for Jeans for Genes Day
Proposal: R-12 to support Jeans for Genes day by wearing Jeans and donating a gold coin. Donate money to the Children’s Medical Research Institute. This would be a major fundraiser. Fundraising committee would also like to organise a morning tea to sell at recess time e.g. cakes, biscuits, honey crackles.
Date: Friday 3rd August, Term 3, Week 3.
Proposer: Fundraising Committee/ Student Voice / J McCauley / B Schmidt

Proposal Seven: Change of date for School Social
Date: Wednesday 8th August, Term 4, Week 4.
Proposer: J McCauley / Student Voice Executive / B Schmidt

Proposal Eight: Year 5/6 camp to Errappa Blue Light Camp – Iron Knob
Proposal: Activities run by Police instructors – trust games, initiative and teamwork games, high ropes course, flying fox and orienteering. Offsite activities – bowling, swimming or movies.
Requirements from home: Sleeping/bedding, toiletries, closed shoes, appropriate clothing for active activities, bike helmet.
Date: Wednesday 28th – Friday 30th November, Term 4, Week 8.
Proposer: S Hackett / A Keleher / M Ellis

Proposal Nine: Japanese Interschool Quiz day
Proposal: 8-10 Year 6 students compete in mixed teams from other sites. Cultural quiz on Japan. Held at Tanunda Primary School.
Requirements from home: Packed lunch, drink bottle.
Date: To be advised.
Proposer: S Golding / B Schmidt

The following proposals have been approved by the Principal:
1. Instrumental Music Services combined group rehearsal – Woodwinds and Brass – Thursday 21st June, Week 9.

The following proposals were approved at the phone meeting held Tuesday 12th June:
1. Change of date for Term 3 Assembly to include welcome for Japanese Students – Tuesday 31st July, Term 3, Week 3.

Moonta After School Café
3 p.m. – 6 p.m. / Monday to Friday
Afternoon Tea Provided / Vacancies
$18 less any CCB & CCR Entitlements

Come and Join the Fun!!!

Library Management Committee Meeting
On Wednesday 27th June at 4:30 p.m. the Community Library will be holding its annual AGM.
Anyone who is interested in becoming a member of the management committee is welcome to attend. The committee meets once a term and gives people a great opportunity to have a say in how we can improve our services to the Moonta community.
If you have any queries please don’t hesitate to contact David Steele at the library on 88 25 1511.
