As the term has gone on we have noticed more and more students arriving at school before 8:30 a.m. While it is wonderful that students are so keen to be at school ready to learn there is no supervision in the yard before 8:30 a.m. Please ensure that your child’s safety is maximised by arriving at school after this time.

As we near the end of Term One it is useful to reflect on our learning over this time. Primary students have had parent teacher interviews already and secondary students are about to receive their first formal reports for the year. Reports are most useful as a spark for conversation and thinking between the student and their parents. One way of supporting your child to continue their learning journey is to ask them to explain the work they have completed to deserve their grade, what progress they have made and what they need to do next to continue this learning journey. In this way students will be able to set themselves reasonable goals and work with you and their teacher to achieve them.

Staff have also been working hard all term supporting
learning and of course doing their own. One of the best things about being in education, for me, is the opportunity I have to participate in continuous learning.

This term staff has been focussing their learning on the teaching of literacy across the curriculum, embedding the Australian Curriculum into teaching and learning programmes, Mind Matters and catering for individual needs in each class.

At the Pupil Free Day on the 28th of March, staff spent the morning working through the Mind Matters program and aligning what we do to ensure our practices:

- Create an environment where young people feel safe, valued, engaged and purposeful;
- Support students to develop social and emotional skills required to meet life’s challenges;
- Create a climate of positive mental health and wellbeing;
- Include strategies to enable a continuum of support for students with additional needs in relation to mental health and wellbeing;
- Enable better collaboration with families and the health sector.

This work will continue throughout the year.

In the afternoon, staff worked on aspects of the Australian Curriculum. As you know, the Australian Curriculum has been published for English, Mathematics, Science and History for Reception to Year 10. Curriculum for these years is being developed for Geography, Languages, The Arts, Health and Physical Education, Technologies, Economics and Business and Civics and Citizenship and will be published sometime over the next 2 years.

The Australian Curriculum includes a focus on seven general capabilities: Literacy, Numeracy, Information and Communication Technology (ICT) Capability, Critical and Creative Thinking, Ethical understanding, Personal and Social capability and Intercultural Understanding. Continua of learning have been developed for each, to describe the relevant knowledge, skills, behaviours and dispositions at particular points of schooling.

The Australian Curriculum also pays attention to three cross-curriculum priorities: Aboriginal and Torres Strait Islander histories and cultures, Asia and Australia’s engagement with Asia and Sustainability. These have been embedded where relevant and appropriate in each learning area and can be viewed explicitly in the curriculum online.

Teachers are to be commended on their work. They are currently using the Australian Curriculum and the South Australian Curriculum to plan and deliver engaging learning programs. Over the next 3 years we will continue to balance the requirements of both and deliver a top notch education to our students.

Finally I thank you for making me so welcome. I wish you and your families a safe and happy term break.

The 2013 Hiragana / Katakana Ribbon Challenge

Several students in Years 3-6 took part in our first round of the Hiragana/ Katakana ribbon challenge in Week 8 this term. Students were given a selection of Japanese characters to master in order to achieve a ribbon. I would like to say thank you to all of the students who had a go, keep up the practice and I wish you all the best for next time.

The following students have achieved the White ribbon of the Hiragana challenge: Danny Hobbs and Maddison Shields

The following student has achieved the Yellow ribbon of the Hiragana challenge: Bianca Derrington

The following student has achieved the Red ribbon of the Hiragana challenge: Savannah Prout

Yokudekimashita (Well done) Stacey Golding
Narungga Welcome: Jemika Wanganeen & Carron Davison

Japanese Welcome: Matt Scarce & Savannah Prout

New Student Voice Members:
R-6 Action Group: Will Drogemuller & Sarah Anderson

On Monday 8th April, 28 competitors travelled to SANTOS Stadium in Adelaide to compete in the annual SSSSA Athletics Championships, where we were entered into D Grade, Division 2. After an early start to the day and excellent weather conditions, Moonta students competed with enthusiasm and commitment. Several of our students achieved great success in individual events, some gaining places in age groups above their own age. All athletes gave an excellent performance, displaying top-level sportsmanship and willingness to participate. Cooperation and support among team members was excellent. On the day, Moonta competed against six other schools. In the girls division we finished 6th on 257 points, behind winners Cedar on 387 points. The boys division saw us finish in 5th position on 295 points, behind Murray Bridge on 392 points. The combined result, which influences relegation and promotion between divisions, saw us placed in 4th position on 552 points behind winners Cedar on 702 points. All students are to be congratulated on their efforts.

Some very good individual results were achieved on the day. Congratulations go to the following students on their achievements:

Thank you to Kris Daddow, and several students for their role as marshal and assistants at the triple jump and to Chloe Barrett for some excellent photography. A big thank you to the adults who offered their support and encouragement throughout the day. Well done to all competitors for their efforts and congratulations on a great achievement.
On Wednesday 27th April the SP 3/4 class visited the nursing home in Moonta with Mrs Perkins, Mr Schmidt, Krystal Schulz and Jane Walkley.

The students made Easter cards and wrote shape poetry about Easter eggs for the residents. Using one of our interesting art techniques – smudging oil pastels – they also created a gift of an Easter egg ornament for the residents to hang in their rooms.

Our association with the Nursing Home has been ongoing for many years and we hope it continues for a long time to come. The residents and staff value our visits highly and we were fortunate to be treated to ice-creams as a thank you for visiting.
From Monday 8th April, **you can start collecting** stickers at Woolworths supermarket to place on your child’s sticker card. There’ll be one sticker for every $10 spent, excluding purchases of liquor, smoking/tobacco products and gift cards. Once completed, simply drop the sticker card into a collection box, either at school or at Woolworths.

All community members can help support our school simply by dropping their stickers into our collection box found at the front of the store.

Last year the school gained significant resources out of this scheme.
School Uniform
School uniform was a topic of discussion at the latest Governing Council Meeting and then throughout the school at staff meetings and several classes.
During this consultation there was an overwhelming support for ensuring that all Moonta Area School students are in appropriate school uniform, though there was one contentious issue - the length of shorts. Currently it can be difficult to buy shorts that are long enough for school...... While the school acknowledges this we encourage students to wear shorts that can be worn with modesty and are therefore conducive to learning.
Through discussion it was discovered that students are proud of our school and how we are seen, and all students should be a part of this.
From my own perspective the benefits of a school uniform are as follows.
1. **Higher Student Self Esteem**
   Students wearing school uniform do not feel self conscious about what they wear to school; increased confidence leads to higher self esteem, and higher self esteem leads to greater class participation.
2. **Hassle Free**
   School uniform buries the daily question of “what to wear to school”. It removes a potentially major point of debate between parent and child over the suitability of what gets worn to school.
3. **Cost Effective**
   There is no doubt that a quality, value for money, school uniform has a lower cost to parents than if their children wore their “street clothes” to school on a consistent basis. School uniforms are designed to take the rigours of daily wear and exercise, and they out perform standard garments.
4. **Better School Security**
   Students in uniform are instantly recognized as “belonging” to their school. This assists security in-school, and enables easy identification off-site as well.

**Second hand Uniforms**
We are looking for second hand uniforms to stock our clothing pool. We have run out of school shorts and track pants in small sizes but would appreciate any uniforms that your students have grown out of.
If you have any to donate, please drop into the front office.

During the school holidays our new library cards will arrive. Library staff will assign one to each student and staff member at our school. Once we change to the new One Card library system on 16th May students will have two options for borrowing in our library. They can continue to use their student ID as they do now or they can use their card which will have a Public Libraries SA barcode. They will need this card to use the wider public library network beyond Moonta Community Library.
More information about this in the next newsletter.
In the meantime we continue to provide our usual services to school and community and look forward to seeing you over the school holidays enjoying the facilities of your local library.
Tricia Stringer on behalf of the library team.
