**Keys to success**
In my opinion there are some key factors that underpin a student's success at school regardless of their ability. Students who do not pass a subject have not attempted or completed the required task. At MAS, if major tasks are not submitted, parents will be informed.

- **Parents as Partners**
  Parents are essential in the learning process, particularly as the cheer leaders from the side lines. While they may not always show it, students love positive feedback from the significant people in their lives. Encourage their efforts, check their diaries and certainly talk to them about any letters regarding the Reflection Room or non-submissions. Also, remember we always like to tell people a story that can down play...
our part in a negative situation or there are always two sides to a story.
If you are worried about your child’s learning, please make a time to come along and share your concerns or ring at any time and ask to talk to the teacher or leader concerned. If you are worried, we probably are too.

♦ Come Ready to Learn
As a teacher we all recognise students who are ready to learn. They bring a bag to school, have the equipment at the ready like pens and pencils, and also wear the school uniform. When a student is wearing casual clothes, they usually are not in the learning mode. We wear a uniform to go to work and we wear a uniform to come to learn at MAS. With the cooler weather approaching please ensure your student has a jumper and suitable shoes for school.

Port Hughes Road – Student Danger
Can I ask all parents whose students either walk or ride on Port Hughes Road to speak to their children about safe road behaviour. We are continuing to get stories of ‘near misses’. I have asked all staff to speak to students re this as well.

School Improvement Plan 2011
Today I present the key targets that we as a school are working toward this year.

Whole school
♦ 95 % of students without identified disabilities, achieving the National Minimum Standard in each aspect of literacy.
♦ A 10% improvement in MAS students matching number of students in upper national reading band and a 10% decrease in student in lower bands.

Early years
♦ Improved Year 1/2 reading levels to 80% of students at or above state expectations by end of Term 3.

Primary
♦ A increase of 10% (from end of Term 1 Probe data) of students in our classes
♦ 3-6 able to comprehend at their decoding age.

Middle
♦ A 5% improvement in NAPLAN writing results from below, to at or above, NMS.

Senior
♦ Improved by 50% (April data) the number of Yr 10 students achieving a score of 25 or higher as tested by Compass.

Aboriginal
♦ Achieved 88% attendance (from 86%) using Term 1 to 3 data.
♦ Increased by 20% the number of ATSI students achieving National Minimum Standard in each aspect of literacy.

Temporary Road Closure
I have received advanced notification that Verran Tce will be closed from Monday 29th to Friday 2nd September 2011. The reason for the closure is to enable the Moonta Memorial Park Bowling Club to host an International Bowls Test Series between Australia and South Africa. The road will be used to cater for extra parking, food distribution stalls and the temporary set up of facilities to enable the ABC and Foxtel to telecast the event.

SA Public Teaching Awards
Celebrating inspiring teaching
Congratulations to Barb Drechsler who has also been nominated for these awards. This brings us to a total of 5 of our staff who have all been nominated.

Literacy Tips 1
All readers
Take a Family Reading Challenge and build your family’s love of reading.
1. Set aside time for reading every day and a goal for the number of books your family will read in a month. It is important to set aside time for reading to, with and by your children.
2. Reading to... By reading to your children you open up the world of reading. Choose books you enjoy reading, talk about them and most of all ‘have fun’.
3. Reading with... Share reading time by reading with your children. Let them fill in missing (predictable) words as you read, or read one page or chapter to your child and then let them read the next one.
4. Reading by... Encourage your children to read to you ‘take-home’ reading books or other books they choose. Ask them about what they read: what they liked or disliked, why they chose the book, what they learnt and how they felt about what they read.
5. Chart your family’s reading during Family Reading Month. On a chart, mark each person’s name and the number of books each person reads during the month. Add up all the books your family read in one month — and celebrate your achievement!

GREAT READS
• My Aussie Mum by Yvonne Morrison and Nicola Bright. This new, funny, rhyming story is about an Aussie mum who loves her family and will give anything a go — from saving whales to taekwondo! Suggested for readers aged 4+.

♦ Inkheart by Cornelia Funke. This magical novel is now a movie. Meggie’s father, Mo, is able to bring characters from the book world into the real world when he reads aloud, which leads to many exciting adventures. Suggested for readers aged 10+.

**Art Exhibition**

**What’s happening in July?**

**Moonta’s got talent!!!**

Come and see some of our talented students work at the  
MOONTA AREA SCHOOL  
ART EXHIBITION

WHERE: Moonta Gallery of the Arts,  
Town Hall, George Street  
WHEN: JULY

During July a variety of student Artwork will be displayed at the Gallery, which will be open from  
10am until 2pm daily.  
The display will be open during the school holidays so please come in and have a look at our students work.

The gallery is also looking for people to supervise the gallery during weekends in July. If you have a few hours to spare and would like to be involved, please contact Pamela Kerr (gallery co-ordinator) on 88251378.
VOC STUDIES INTERVIEWS
Throughout the first few weeks of Term 2, the Year 11 English students participated in simulated interviews, (the oral presentation task that was required for assessment) with excellent results (all students achieved A’s). Jackie Fairlie (Yorke District Apprenticeship Broker) interviewed the students, assisting in their preparation for the ’World of Work’. Presentation, communication and knowledge of research questions were the criteria for judging their performance. On behalf of the class, I would like to thank Jackie for her excellent organisation and participation, and for the extra time she spent with the students giving them advice about their future careers.

**Year 9 Immunisations**

The year 9 immunisations will be given late this term. This immunisation is a tetanus/pertussis (whooping cough)/diphtheria booster.
There remains a significant number of people being diagnosed with pertussis in the community. Pertussis is a highly contagious disease caused by an infection of the respiratory tract. Most at risk are children less than two years of age, but for others it can result in bouts of coughing that can last for 3 months and can lead to complications such as rib fractures and pneumonia.
Immunisation is the best way to prevent pertussis.
Adults caring for, or working with babies should ensure they also receive a booster vaccine, it is also recommended as a booster for people at 50 years of age if they haven’t received a tetanus vaccine for a number of years. Protection against whooping cough from either the vaccination or after having the disease is not life long.
You could talk to your local GP about having the vaccination yourself if interested.

**Missed Immunisations**
If your child has missed immunisations at school we will try and catch them up before the end of term. If your child still misses out I will contact you to let you know what to do.
Please feel free to contact me if you have any immunisation queries.
Kind regards
Glenda Woodward

Child Care Benefit & Child Care Rebate Entitlements
TO BOOK YOUR CHILDREN IN CALL DEAHNN
0439 817 475
This term our program has consisted of two sessions a week. On Monday nights, children have been involved in Martial Arts with Ryan Patterson and are working toward their yellow belts. On Tuesday nights, Margaret Frost has been assisting children to develop Gymnastic skills including balancing using the climbing frame in the Gym. Children are becoming more confident using the mini-tramp and beat board to practise a range of jumps (star, tuck, stretch, 180’s).

Become a community Coach!

Would you like to help kids in your community get active? The Australian Sports Commission’s Active After School Communities (AASC) program is conducting a FREE coaching course! If you are a student, club coach, teacher, parent, community member, volunteer, professional coach, beginner coach or athlete, you can register. Prior coaching experience is not necessary, just a love and passion for delivering sport and other structured physical activity to children.

The Community Coach Training Program will provide you with the necessary skills and resources to deliver sport and other structured physical activities within the Playing for Life Philosophy.

What are the benefits?
- It’s free!
- You can help more kids in your community to get active
- Opportunities to promote your local club or sport
- Gain a nationally recognised coaching certificate
- Access to AASC Online – a secure website with loads of resources and information
- Professional development

MAKE IT A FRESH SNACK
Did you know….?
That a healthy snack can fuel growing bodies for activity and learning.
To make every snack count:
• Choose foods from the core food groups which include bread, vegies, fruit, dairy, lean meats, fish, chicken and eggs.
• Plan for snacks at set times between meals to ensure meal times are fuss free.
• Stock your pantry and fridge with fast, fresh snack options so busy teenagers can grab something on the go. Include vegies, fruit, fruit breads, low-fat cheeses, yogurts and milk, grainy crackers and bread.
• Encourage snacks at the table or sitting down without the distraction of the TV or the computer, this encourages a focus on the food.

MAKE IT FRESH - SMART SNACKS FOR BUSY TEENS.
Did you know…?
One serve of vegies = ½ cup cooked veg, 1 medium potato or 1 cup salad.
Teens aged 12-18 years need at least 4-9 serves of veg everyday for good health.
Vegies and salad are a great snack to fuel learning minds at school.
Have a few smart snacks for busy teens to grab as they head off to school:
• Fresh salad box that’s ready to go with bite-sized pieces like mushroom slices, cherry tomatoes, crunchy lettuce leaves, chopped carrot and cubes of reduced-fat cheese.
• Vegie sticks to serve straight from the fridge. Store pre-cut sticks in water to keep fresh for munching; favourites include carrot, celery and capsicum which can be packed with mini tubs of light cream cheese.

MAKE IT FRESH - SMART SNACKS FOR BUSY TEENS.
Did you know…?
One serve of fruit = 1 medium fruit or 2 small fruits.
Teens aged 12-18 years need 3-4 serves of fruit every day for good health.
Fruit is a great snack to fuel active bodies at school.
Try these easy ideas and serve up fruit as a snack every day.
• Handful of sweet grapes or cherries, washed and ready to eat.
• Seasonal fruits to eat on the move like grapes, pears and crunchy apples.
• Small tub of fruit salad in natural juice.

MAKE IT FRESH – LOW FAT DAIRY MEETS THE MARK!
Did you know…?
Reduced-fat dairy foods are lighter on fat but still contain just as much calcium. Reduced-fat yoghurts and hard cheeses are packed with calcium and make a great snack to fuel growing teens. To save dollars on dairy foods, buy in bulk for teens to serve snack-sized.
• Cut reduced-fat block cheese into slices or cubes to munch with vegie pieces or grainy crackers.
• Spoon bulk reduced-fat yoghurt into a reusable snack container to travel or dish into a dessert bowl at home.

MAKE IT FRESH - D.I.Y. SNACKS FOR TEENS.
Keep a range of fresh ingredients on hand for teens to prepare their own easy ‘Do It Yourself’ snacks. Put key ingredients in prominent places in the pantry or fridge so they are easy to spot when the door is opened!
Stock up on the following ingredients for snacks which can be whipped up in five minutes or less…
• Salad fillings like avocado, light cream cheese and grated carrot teamed with leftover rice in a Sushi roll.
• Tomatoes, olives, cucumber, reduced-fat fetta and a splash of oil-free dressing for a Greek salad.
• Carrot, cucumber, vermicelli noodles, fresh mint and a sweet chilli dipping sauce to combine into tasty Rice paper rolls.

MAKE IT FRESH - SNACK IDEAS FOR TEENS.
You don’t need to rely on expensive pre-packaged foods for teens. Try these simple ideas for healthy snacks at home.
Encourage teens who want a break from homework or study to fuel up on...
• Super smoothies – Add reduced-fat milk and yoghurt to favourite fruits like strawberries, banana or kiwi fruit into a blender and just blitz.
• Vegie dippers - Crunch on sticks of carrot, celery, capsicum and cucumber with tasty dips like hummus, tzatziki or salsa.
• A stocked fruit bowl is tempting for an easy-to-grab snack while teens are studying. Keep it topped up with sweet fruits when they’re in season like stone fruits, kiwi fruits and mandarins.

MAKE IT FRESH - GRAINY FOODS ARE BRAINY FOODS!
Did you know…?
Grainy foods like wholegrain bread, rolls and plain...
Make it a fresh snack - Primary

Did you know...?
That a small healthy snack can fuel active bodies for fun and learning at school.

To make every snack count:
♦ Choose foods from the core food groups which include bread, vegies, fruit, dairy, lean meats, fish, chicken and eggs.
♦ Plan for snacks at set times between meals to ensure meal times are fuss free.
♦ When out and about save time and money by packing fuss free snacks such as fresh finger salad, fruit, reduced-fat yogurts, fruit bread, cubes of reduced-fat cheese with grainy crackers.
♦ Serve snacks at the table or sitting down without the distraction of the TV, this encourages children to focus on their food.

MAKE IT A FRESH SNACK - HEALTHY LUNCHBOX IDEAS.
Did you know...?
One serve of vegies = ½ cup cooked veg, 1 medium potato or 1 cup salad.
Primary school aged kids need 2-9 serves of veg everyday for good health. Vegies and salad are a great snack to fuel kids’ bodies and minds at school.
You don’t need to rely on expensive pre-packaged foods for kids. Try these lunchbox ideas and serve up veg and salad as a snack every day!
♦ Finger salad with bite sized pieces of veg such as raw mushroom, cherry tomatoes, crunchy lettuce leaves, cucumber and carrot.
♦ Vegie sticks like capsicum, celery, carrot and cucumber are all popular with reduced-fat dips such as hommus, tzatziki and mild salsa.

MAKE IT A FRESH SNACK – AT HOME

Healthy kids are happy kids, and they need fruit and vegies every day to do their best at school and play. Try these simple ideas and fuel them up on healthy snacks after school -

Kids love to eat...
♦ Fruity cones - simply spoon small pieces of fresh, stewed or tinned fruit in natural juice (well drained) into a plain mini cone and top with a dollop of reduced-fat yoghurt. Serve immediately.
♦ Vegie faces: Give kids a plain rice cake and bite-sized salad vegies to make their own edible face, using cherry tomatoes for eyes, sliced mushroom for ears, cucumber for a mouth, grated carrot or sprouts for hair.
♦ Super smoothies – Add reduced-fat milk or yoghurt and soft, favourite fruits like strawberries, banana or kiwi fruit into a blender and blitz.

MAKE IT A FRESH SNACK - THEY WON'T COST THE EARTH...

Litter-free lunchbox snacks don’t leave any rubbish behind so they’re great for the environment and great for healthy kids!

The top unpackaged lunchbox snacks for kids are:
1. Plain popcorn (for school age children only) packed in a recyclable paper bag.
2. Fruits in their own edible wrapper like apples, nectarines, plums and peaches.
3. Fruit to peel like banana, pineapple, rockmelon and watermelon
4. Vegies in their own wrapper – wash thoroughly and cut into sticks for kids to crunch. Serve up carrots, celery and capsicum served with a tasty dip or cubes of reduced-fat cheese.
5. Reduced-fat yoghurt packed in a reusable container.
6. Pieces of reduced-fat cheese and grainy crackers packed in a mini snack box that can be washed and reused.
7. Homemade mini fruit muffin wrapped in greaseproof paper.

**MAKE IT A FRESH SNACK - SIMPLE STEPS**
The primary school years are a vital time for kids to learn about healthy foods.

Try these simple steps for healthy habits at home:

♦ Encourage kids to eat their snack at the table, not in front of TV or screen.

♦ Keep a good supply of ready-to-eat foods in the fridge such as reduced-fat yoghurt, cut up melon wedges and vegie sticks stored in water to keep them crunchy.

♦ Ask children to help pick out healthy foods at the shop like grainy breads and crackers, reduced-fat cheese and yoghurt, different fruit and veg. Use these foods to make healthy snacks and taste test them together.

♦ Kids love to help out in the kitchen so get them peeling, chopping, grating and tasting different fruits and vegies.

♦ Make fruit and veg part of every snack.

For more fresh snack ideas visit [opal.sa.gov.au](http://opal.sa.gov.au)

**MAKE IT A FRESH SNACK – TREATS FOR YOUR KIDS LUNCHBOX!**
Give your child a lunchbox treat with these easy ideas to make fruit and veg fun!

**Try the following snack ideas:**

♦ **Apple slinky** - Turn an apple into a slinky snake by carefully peeling off skin into a continuous ‘snake’, coat apple and skin in lemon juice then re-wrap skin around apple. Kids love to eat both the apple and peeled ‘snake’!

♦ **Fruit dippers** – Reduced-fat yoghurt served with fruit pieces like strawberries.

♦ **Vegie boats** - Spread celery, capsicum or cucumber boats with reduced-fat cream cheese. Fill with a few sultanas ‘ants’ for extra fun!

For more fresh snack ideas visit [opal.sa.gov.au](http://opal.sa.gov.au)

**MAKE IT A FRESH SNACK – GRAINY FOODS ARE GRAINY FOODS!**

*Did you know...?*
When kids eat grainy foods like wholegrain breads, rolls and plain rice cakes, they are getting goodness from one of the smartest choices in the breads and cereals group. Lots of grains mean plenty of fibre, vitamins and minerals which give kids lasting energy to help them concentrate better in class! Wholemeal, high fibre and fruit breads are also full of fibre and good choices for kids too.

Serve up these grainy **lunchbox snacks** for your child to enjoy everyday:

♦ Wholegrain rice cakes served with a thin slice of reduced-fat cheese or topped with salad.

♦ Slice of grainy bread spread with reduced-fat cream cheese. Fold in half and cut into fingers for a tasty snack.

♦ Grainy crackers packed with cubes of reduced-fat cheese.

Its UR Turn to make a difference
Road Safety Design Competition
Open to all young people (12-25 years of age) with a home address in the Lower North Health Geographic Region.
The winning design will be one which has a focus on a message about road safety for young people from this local region. The design can include a slogan but this is not mandatory. This is an opportunity for young people to pitch a campaign addressing road safety concerns that may not have been delivered by the Motor Accident Commission (MAC) previously, or you may want to put a localised slant on a current MAC theme.
All submissions are to be provided in a high resolution electronic format as well as a hard copy. The hard copy originals can be presented in a range of different mediums ie oils/drawing/photography etc however they need to be able to be replicated electronically and need to have a maximum A4 size.
1st prize: Tom Tom VIA 160 navigation system valued at $229
2nd prize: Tom Tom XL250 navigation system valued at $180
Judging will be undertaken by representatives from: Clare and Gilbert Valleys Community Road Safety Committee, Arts SA, Health Resource Nurses, Motor Accident Commission (MAC), SAPOL, Yorke and Lower North Health. This project is part of the Yorke and Lower North Health U Turn project and has been funded through the Clare and Gilbert Valleys Road Safety Advisory Committee and Country Health SA
All submissions will submitted by 5.00pm on Friday 19th August 2011. All applications need to be submitted to: Joanne Lawrie, PO Box 239, CLARE SA 5453. Joanne.lawrie@health.sa.gov.au
